

o2h Discovery Platinum Partner

An exclusive benefit that helps you deliver more value to your portfolio

Building on the success of o2h Kickstarter, we created the Platinum Partner Programme to help even more innovators access specialist drug discovery support during their earliest stages of growth.

The programme enables venture capital firms, venture builders, universities, incubators and technology transfer offices to extend the benefits of the o2h Kickstarter Award directly to eligible companies within their portfolio or ecosystem.

Benefits for **Platinum Partners**

-  Add Value Beyond Capital
-  Strengthen Portfolio Success
-  Differentiate Your Ecosystem
-  A Trusted Discovery Partner

Accelerating Early-Stage Drug Discovery

The o2h Kickstarter Award

A competitive award providing early-stage biotech companies with integrated drug discovery expertise to reach their next milestone.

About

The o2h Kickstarter Awards were first launched in 2022, to provide new therapeutic-focused startups with a 'boost' of chemistry to help achieve initial milestones to enable them to generate the data required to unlock further funding.

To date, we have provided more than 50 Kickstarter awards in the UK, the USA, Australia, Israel and Europe. Many of these companies have continued their growth off the back of this award since joining the program in 2022, and we are proud to have supported them through their early launch.

Testimonial

“We are deeply grateful to the o2h Kickstarter program for their invaluable support in advancing our small molecule discovery efforts. This partnership has enabled us to expand our compound portfolio and accelerate the lead optimization phase of our lead program. Support from initiatives like o2h Kickstarter plays a crucial role in helping early-stage biotech companies translate scientific innovation into tangible therapeutic opportunities.

Ana Montalban
CEO & Co-founder,

ADULARIA

Benefits

A dedicated team of six FTEs chemists (2 senior and 4 early-career)

Six synthetic chemists at a fraction of the usual price for up to six months

Receive 100 complimentary ADME points and save 20% on Biology FTE

Optional access to medicinal chemistry experts to discuss the project for an additional small fee
